Employment
Many listings in the classifications — "Employment offered Men" or "Employment offered Women" are not intended to exclude or discourage applications from persons of the other sex. Such listings are for the convenience of readers because some occupations are considered more attractive to persons of one sex than the other. Discrimination in employment because of sex is prohibited by the 1964 Civil Rights Act with certain exceptions (where sex is a bona fide qualification, firms with less than 100 employees, etc.). Advertisements containing the abbreviation "M." or "F." or other phrases such as "Open to men or women," "Equal opportunity employer," "Open to either sex," "Engineers—men and women," etc., indicate that the positions are open to either qualified men or women.
